# REPORT ON NEBRASKA'S CRIME VICTIM'S REPARATIONS PROGRAM

## INTRODUCTION

All 50 states, plus the District of Columbia, Puerto Rico, the Virgin Islands, and Guam have Crime Victims Reparations' programs. New Zealand and Great Britain established the first compensation programs in the world. A number of European countries, plus Canada, Australia, New Zealand, and Japan also have victim compensation programs fairly similar to those in the United States. The Office of Victims of Crime has identified the following countries as having crime victim compensation programs: Austria, Belgium, Bermuda, Colombia, Cyprus, Czech Republic, Denmark, Finland, France, Germany, Great Britain, Hong Kong, Republic of Ireland, Japan, Luxembourg, The Netherlands, Norway, Philippines, Poland, Portugal, Spain, Sweden, Switzerland, and United Arab Emirates.

The Nebraska Crime Victim's Reparations (CVR) Act was created by Legislative Bill 910. The Bill was passed by the Nebraska Legislature in 1978 and became effective January 1, 1979. The operation of the CVR program is governed by Nebraska Revised Statutes 81-1801 through 81-1842 and Rules and Regulations, Title 80, Chapter 1-7.

The purpose of the program is to assist innocent victims of crime with medical expenses, mental health counseling, loss of wages, funeral bills in cases of homicide, residential crime scene clean-up,

loss of earning power, and other expenses directly related to the criminal act. The program now covers Nebraska residents who are victims of terrorism in foreign countries. **Loss of property, pain and suffering, and expenses not directly related to the crime are not covered.** Eligible awards are reduced by any collateral sources received or to be received. Collateral sources include insurance, sick leave pay, workers' compensation, or unemployment. A maximum of \$10,000 may be awarded to each claimant.

## PROGRAM ADMINISTRATION

The Nebraska Crime Commission is responsible for the administration of Nebraska's CVR program.

Crime Commission staff process the claims for compensation. The processing of claims includes:

- o reviewing each claim for accuracy, completeness, and eligibility;
- o acknowledging receipt of the claim, and requesting additional information if needed;
- o requesting the incident report from the law enforcement agency involved;

- o verifying the expenses being claimed (medical, funeral, loss of wages, etc.) to ensure they are directly related to the criminal act; verifying any payments made toward the expenses and by whom; and determining amounts to be considered for compensation;
- o verifying criminal charges and the disposition of cases;
- o preparing a summary of the information for each claim;
- o submitting all claim information to the Hearing Officer for a determination;
- o preparing and sending a letter to the claimant regarding the Hearing Officer's decision; and
- o processing the payments for the awarded claims.

#### **PROCESSING OF CLAIMS**

- o Once all information is received, the claim is investigated.
- o The claim and all information received is reviewed by the Hearing Officer, and the Hearing Officer makes a decision to award, deny or request additional information.
- o The claimant is notified of the Hearing Officer's decision.

- o If the claim is denied or reduced, the claimant may file a written appeal.
- o Hearings are conducted by the CVR Committee. The claimant may be present. If the Committee upholds the Hearing Officer's decision to deny, the claimant may appeal in District Court.

#### **REASONS A CLAIM MAY BE DENIED**

A claim for compensation will be denied if:

- o the incident was not reported to law enforcement within three days;
- o the claim for compensation was not filed with the CVR program within two years from the date of the incident;
- o the victim did not cooperate with the criminal justice system in the investigation and prosecution of the crime;
- o the victim did not submit the required information to the CVR program; or
- o a victim was not an innocent victim of a crime or the victim's misconduct caused or contributed to the incident.

## APPEALS

If a claim for compensation is denied by the Hearing Officer, the claimant has the right to appeal the decision to the CVR Committee. The appeal must be made in writing and received within 30 days from the date the decision was mailed to the claimant.

The CVR Committee consists of five members of the Nebraska Crime Commission who are appointed by the Governor for a term of four years, and two members from the Public at Large. Members are reimbursed for actual expenses incurred in the performance of their duties. During fiscal year 08/09 the CVR Committee consisted of the following members: Scott Arnold, William Brueggemann, Scot Ford, James Riskowski, and Derek Vaughn. In September 2009 G. Randall Hansen was named to one of the Public at Large positions. In October 2009 Michael McLarney was named to the other Public at Large position. In February 2010 Candice Batton replaced Scott Arnold and Brenda Smith replaced James Riskowski. If the CVR Committee upholds the Hearing Officer's decision to deny a claim, the claimant may appeal in district court within 30 days of the Committee's action.

## FUNDING

The Nebraska CVR program is funded through general fund appropriations, federal compensation funds, and 5 percent of inmates' wages from federally certified correctional industry programs. Beginning in fiscal year 88/89, 5 percent of inmates' salaries earned in the Federal Prison Industries program was transferred to the CVR fund. The amount of funds received from the prison industries program averages \$33,000 per year.

While the CVR program has been operational since 1979, the Legislature did not fund the program during fiscal years 85/86, 86/87, and

87/88, due to a budget shortfall. The stability of the funding of the CVR program continues to remain a problem. In fiscal year 02/03 the general fund appropriation was reduced from \$201,600 to \$20,000. More than 80% of the CVR programs in other states are funded with revenue from court fees or assessments paid by the offenders. Fortunately, LB 510 was passed by the Nebraska Legislature in 2010 and signed by the Governor. This bill imposes a \$1 court fee for each misdemeanor or felony conviction. It also requires the Director of Correctional Services to withhold up to 5% of the net wages of inmates assigned to the work release program. Nebraska's CVR program receives 75% of the revenue from these two sources. The estimated annual revenue from LB 510 deposited to the CVR program is \$144,000.

The budget for fiscal year 08/09 from all funding sources was \$81,821 and the budget for fiscal year 09/10 from all funding sources was \$121,514.

## **FEDERAL FUNDS**

The Victims of Crime Act was signed into law by President Reagan in 1984. The Act provides for fines to be levied on offenders convicted of federal crimes. Fifty percent of the funds collected are utilized to assist state compensation programs. The amount to be paid each state is based on 60 percent of the state's non-federal funds disbursed during the previous federal fiscal year. To be eligible for federal funds, certain conditions must be met. Also, programs must comply with statistical reporting requirements.

During fiscal year 08/09 Nebraska received \$24,000 and during fiscal year 09/10 Nebraska Received \$60,000. This amount is based on 60 percent of the actual amount of state funds disbursed to crime victims during the 08/09 and 09/10 Federal fiscal years.

## **ACTIVITIES**

Public awareness of the CVR program is provided through the distribution of brochures by law enforcement and prosecutor's agencies, through public speaking engagements and public service announcements, and through the efforts of victim/witness units and domestic violence/sexual assault task forces.

The CVR Committee conducted two hearings during fiscal year 08/09 and one hearing during fiscal year 09/10 for claimants denied by the Hearing Officer.

The Crime Commission is a member of the National and International Association of Crime Victim Compensation Boards, the National Organization for Victim Assistance (NOVA), and the National Association of VOCA Assistance Administrators.

## **2008 and 2009 LEGISLATIVE INITIATIVES**

LB 598 (introduced and passed in 2009) allows for the creation of a non-profit organization, to be known as the Community Trust. After a tragedy of violence or a natural disaster, the Community Trust may accept contributions from the public and make distributions to victims. The Crime Victim's Reparations (CVR) Committee acts as the oversight committee for the Community Trust. LB 598 also added two public members to the CVR Committee. The effective date of LB 598 was August 30, 2009.

LB 510 (introduced in 2009 and passed in 2010) imposes a \$1 court fee for each misdemeanor or felony conviction. It also requires the Director of Correctional Services to withhold up to 5% of the net wages of inmates assigned to the work release program. Nebraska's CVR program receives 75% of the revenue from these two new sources of funds. The estimated annual revenue to be deposited to our CVR program as a result of LB 510 is \$144,000. The effective date of LB 510 was July 15, 2010.
